Easter Sunday is the first Sunday after the first full moon which occurs on or after March 21. It may be as early as March 22 or as late as April 25. In 1969 it will fall on April 6.

The six and a half weeks which precede Easter Sunday are known as Lent. However, as restrictions are lifted on Sunday, the forty weekdays of this period constitute Lent during which the faithful are exhorted to follow the example of Our Lord and Saviour in His fast of forty days and nights in the desert. In 1969, Ash Wednesday will fall on February 120

THE MISSIONARY SOCIETY OF SAINT JAMES THE APOSTLE

—Diocesan Missionary Priests in Latin America—

Ten years ago, Boston's then Archbishop Richard Cushing issued a call to the diocesan priests of his Archdiocese. Volunteers were sought to serve the Church in Latin America.

For many complex reasons, Christ's Church was in serious need of repair and priests were in desperate shortage. The Pope himself had called for help and Boston's answer came in the form of the Missionary Society of St. James the Apostle — a unique organization of diocesan priests who volunteer at least five of their priestly years to working in South America where one-third of all the Catholics in the world are located.

Soon, diocesan priests from outside of Boston became interested in the work of the Society. Drawn by the real needs of good people abandoned and seemingly forgotten by time, diocesan priests from various parts of the United States and around the world joined the Society to weld it into what it is today — an international instrument whereby diocesan priests can labor in the missions.

Since 1958, the Society has spread its work into three countries — Peru, Bolivia, and Ecuador. Within the borders of its thirty parishes and 263 chapels, the Society's one hundred diocesan missionaries at this moment are serving some 500,000 people.

In addition, the Society maintains hospitals, clinics, schools, self-help projects, and social agencies.

Truly God has sent each of our Missionary Priests to a special work just as He has called thousands of the Faithful in our country to support the Society through prayer and regular contributions to a very great cause.

The first decade is over. We ask God to continue to watch over this holy work and to bless and protect each one who aids in its accomplishment.

Aided by its Pastor, Rt. Rev. John D. Day, and guided by liturgical reforms, our artists and workmen have transformed the Sanctuary of St. Mary of the Hills Church, Milton, into a Post-Vatican II setting. Beautiful in its simplicity and coloring, it is a focus for devotion and inspiration.

Sure our graduating classes are small!

But measured by the accomplishments of our alumni there is nothing small about us.

St. Anselm's College

Since 1889 our family spirited college has been educating small classes. Small in number. Not small in mind or spirit. We have greatly expanded our modern facilities in the past ten years, but we have purposely kept the numbers small. Because that is the way we feel we can best serve our students.

Close contact with the Benedictine Monks who conduct the college, and with members of the lay faculty is a daily experience for our students. We offer a full range of liberal arts and pre-professional courses for men, and a School of Nursing for women. Inquiries are invited. Write Director of Admissions, St. Anselm's College, Manchester, N.H. 03102.

RECORD-O-LOPES ... self-recording Church Envelopes which eliminate weekly posting of your offering!

How They Work

After the offering is removed and the amount is checked on the face of the envelope in the usual manner, the flap is torn off (several at a time) and each flap is filed in numerical order in a manila file folder, NO POSTING. This is all the recording necessary until the end of each quarter.

TRIPLE-MAIL-PAK ... a seasonal envelope mailing system which

makes Monthly Mailing obsolete!

- SAVES 75% of advancing postage costs!
 - ELIMINATES all addressing plates!
 - We can handle all or any part of the mailing process.

Triple-Mail-Pak is a real COST SAVER! Write for samples and prices on Record-o-lopes and Triple-Mail-Pak, either or both.

The printer of the second seco

Once upon a time all the printing in the Church was confined to monasteries where the monks labored tediously transcribing the words of God for the generations to follow. Centuries later, we at the Fandel Press feel somewhat awed to realize that here in our plant alone we are capable of printing and binding more work in a month than all the monks and artisans of the past ever accomplished in a lifetime. Why is this? The reason is simple. Printing has developed to the point where it is essential to everyday living. It is a vital force for today and the tomorrows of the future. At the Fandel Press, printing has rolled off our presses every working day of every week of every month of every year for fifty-two years . . . indeed the printer for all seasons. Won't you think of us for your next printing order?

Practically a New England institution — to choose Gas

Public buildings require a dependable fuel. Small wonder Gas is the choice in so many of them. It's versatile enough to supply even heat in winter and cool comfort in summer and Gas water heating is both fast and economical. When it comes to cooking, there's nothing better than a Gas range. It adjusts instantly. And only Gas gives you smokeless broiling.

Gas is also economical. It keeps buildings clean too. And because Gas equipment has fewer moving parts, it requires fewer repairs — an important consideration in institutional budgets.

If you'd like to find out what a good job Gas can do for you, call 522-5600, Ext. 381. No obligation.

St. John's Seminary Library Building, 117 Lake St., Brighton, has Gas heating and air conditioning.

Elizabeth Seton High School, 50 Oakland St., Wellesley, has Gas ranges.

St. Zepherin's Rectory, 99 Main St., Cochituate, is heated by Gas.

St. Bernard's Convent, 24 Prospect St., West Newton, uses Gas for heat, hot water and cooking.

"Without the Pontifical Work of the Propagation of the Faith the missionary Bishops could not count on regular aid for the maintenance of their dioceses and the realization of their projects; it would not be possible to promote the formation of a local clergy if it were not for the help given by the Pontifical Work of St. Peter the Apostle, and it would not be possible to help so many children, often abandoned and ill, if it were not for the Pontifical Work of the Holy Childhood."

POPE PAUL VI, June 2, 1968

Why pay life insurance premiums of a man of 31... when you're only 28?

542-0903

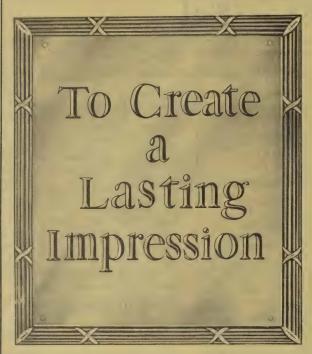

There's a three year difference in premium rates between Presbyterian MINISTERS' FUND and other companies who specialize in insuring clergymen.

At age 28, such firms charge you \$150.60 for \$10,000 of permanent life insurance; our yearly premium is only \$138.40! Only if you wait until you are 31 will you pay \$153.20 for \$10,000 worth of permanent life insurance from Presbyterian MINISTERS' FUND.

This differential holds true no matter what age you attain, as long as you are insurable. With other companies you pay at least 8.8% more for equal coverage! The reason? Presbyterian MINISTERS' FUND insures only clergymen, seminary students and missionaries overseas. You, and others in our chosen vocation, live quite a bit longer, and thus are entitled to the Fund's extremely low rates.

A reflection of good taste...

Come in any time to see what's new and interesting in home furnishings; or just browse for an hour or two among beautiful things. You'll enjoy the atmosphere of ideas; the blending of styles, periods and colors; the selection of truly fine furniture, broadloom and oriental rugs available at any of Pray's four locations.

New higher interest rates on Savings Bonds and Freedom Shares

Now U.S. Savings Bonds pay 4 1/4%, new Freedom Shares pay 5%.

Today, Savings Bonds are a better investment than ever. Now they pay $4\frac{1}{4}\%$ when held to maturity. And new Freedom Shares pay a full 5% when held to maturity.

Freedom Shares are still sold on a one-for-one basis with Series E Bonds, but now you can buy the combination *any time* at your bank — and not just on a regular monthly plan as before.

The higher interest rate on Savings Bonds applies not only to the new ones you buy, but to your older ones too for their remaining period to maturity — generally effective with the first full six-months interest period beginning on or after June 1. (Outstanding Freedom Shares are not affected.)

Buy Bonds and new Freedom Shares — help yourself even more as you're helping your country.

Boston's Beautiful Basilica

That the Mission Church in Roxbury was raised to this exalted rank is proof that even Rome has come to know how deeply this Shrine-Church is itself enshrined in the hearts of the Catholics of Greater Boston.

Almost a hundred years old, this spiritual landmark is no mere monument. It is throbbing with life, a glowing fireplace of the soul. From dawn to dark it is never deserted. The Tabernacle and the Shrine bring peace of soul and joy of heart. Come and see!

On its 20th Anniversary, Merrimack College in North Andover dedicated a new Library which will house 250,000 volumes, and considerably increased the original library facilities. The building was the first at Merrimack College to be constructed under the Federal Higher Education Facility Program. We, the John A. Volpe Construction Co., Inc., are proud to have been its builder. The Architect for this magnificent structure was Shepley Bulfinch Richardson & Abbott of Boston, Mass.

NEW MERRIMACK COLLEGE LIBRARY

From a modest beginning, Merrimack has become a moderate sized college of first rank. Beginning with a surplus quonset hut and founded to help educate returning World War II veterans the library is the 14th building to be opened on the Merrimack College campus since the school's founding.

Today— Just as for Generations...

First National Stores has come a long way over the years, from the corner store which was once so much a part of almost every New England community to the magnificent, modern supermarkets which range from Northern Maine to New York and New Jersey in our own day. But basic "storekeeping" principles have not changed at First National — and they won't.

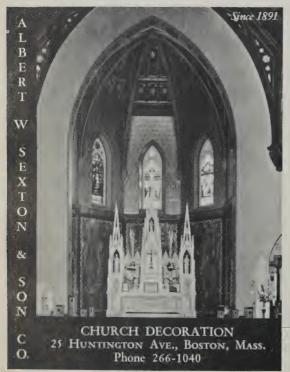

Today, just as for generations, First National knows that there is no economy without quality. Insistence upon rigid standards of excellence prevail now, as they always have. Quality is guaranteed.

First National is also dedicated to thrift . . . to lowest possible prices for its customers every shopping day of the year.

Today First National is quite as concerned as ever with matters of friendliness and courteous service and dependability . . . with providing the very best in foods and food shopping, in the famous First National tradition.

Lots of people already have. More than two and a half million of them from coast-to-

coast. And hundreds more every day.

They've made the switch to clean, silent, trouble-free flameless electric heat. And they love it. They like the guiet, efficient way it goes about the job of heating a house . . . without hot spots or cold drafts.

And they like the idea of having a thermostat in every room. That way they can set one temperature for the nursery and another cooler one for the playroom.

So whether you're building a house, a factory, or a church, why don't you look into flameless electric heat?

Or speak to those who have and listen to their "AMEN"
